This was posted in the Martins pond area of North Reading. I am heartbroken to see this happen anywhere but especially so close to home. I pray this child will be ok. I also pray that the person responsible has been identified. Does anyone have any information they could share.

People need to slow down everywhere.... It says the driver is from Andover but there are houses down the pond that are in Andover FYI.

That's terrible. NRPD just shared this. So the driver will be held accountable.

People do speed around the pond like crazy. One woman went around the corner so fast she almost rolled over on myself holding my toddler recently.

And to take off!!!! Unbelievable

This is disgusting and hopefully the little girl is going to be ok! When did this happen? Where did this happen. I'm appalled someone could do this

There's nothing in the news about this. Did it happen in north reading or another area?

Does anyone know the family? Is there anything we can do for them? Help with medical bills? Meals?

How do we still not know who it was? I'd like to follow the court case, and at least know which of our neighbors runs over children and doesn't stop. Just seems like there should be mugshots, or reporting of what charges, or anything beyond a 39yr old woman has a summons.

Jack Dalrymple I'm guessing the woman has connections. And money.

Monique Doucette Moody that's the scary part. Can only hope for accountability if it's swept under the rug.
